

Faculty Positions at the Instituto de Física Universidad Nacional Autónoma de México

<http://www.fisica.unam.mx/>

The **Instituto de Física** of the **Universidad Nacional Autónoma de México (UNAM)** seeks exceptional candidates to occupy **tenure track positions in Nanosciences and Condensed Matter** starting autumn 2015, according to the following

Guidelines:

1. Applicants should hold a PhD in Physics or a closely related field and have at least two-years postdoctoral or equivalent experience.
2. Candidates should be under 39 years of age for women and 37 for men.
3. They should have an outstanding research record and proven experience in the proposed research topics

The primary selection criteria will take into account the candidate's academic achievements and potential to conduct innovative research projects. Applicants are expected to have the ability to interact with researchers and students of Instituto de Física.

The successful candidate is expected to teach undergraduate and graduate physics courses and also to be involved in supervising student research projects.

Applicants must submit:

- a. A cover letter addressed to the Director of the Instituto de Física, Dr. Manuel Torres Labansat, indicating the area of specialization (section 3, this document).
- b. A complete curriculum vitae including a full list of publications.
- c. A statement of previous research experience, maximum 3 pages.
- d. A proposed research project to be carried out in the first 3 years of work at Instituto de Física: maximum 5 pages.
- e. At least 3 reference letters.

All documentation should be sent electronically to:

<http://olimpo.fisica.unam.mx/plazas>

References' information must also be provided.

Applications will be accepted until May 30th, 2015

Additional information:

The candidates may be invited to give a seminar and hold an interview with the selection committee.

Included benefits:

Initial salary will depend on the level at which each appointment is made, in accordance with UNAM's wage scale. Additionally, researchers at UNAM receive performance-related bonuses and health insurance. Initial contracts are renewed annually, with the possibility of becoming a permanent position.
